

1.8 Renewals

Who is able to renew a domain?

Authorization to Renew a Domain

Domains can be renewed by the owner of a domain (the individual who registered the domain), using the [regular renewal procedure](#).

Before the expiration of a domain, several notifications are sent - here you find the information of where and when these [renewal reminders](#) are sent.

In case there are roles assigned to this domain, the 'Admin' and/or the 'Billing' role are also enabled to renew a domain.

Please find out more about 'roles' and 'permissions' [here](#).

In an emergency, e.g. when no authorized person is available, we also provide a '[Simple Renewal](#)' procedure.

This allows anyone to renew a domain, but without being able to change any other aspect of the domain, and without earning any additional rights or permissions for this domain.

Unique solution ID: #1090
