## 1.14 Billing and Payment What is 'Verified by Visa' or 'Mastercard Secure Code'?

## **Credit Card Security**

<u>Verified by Visa</u> and <u>Mastercard Secure Code</u> are services introduced by the <u>credit card</u> industry, to protect credit card owners from unauthorized use of their cards. This works in such a way, that as a part of the payment procedure, additional identification is requested, which usually is a password, or a PIN No.

This is maintained by the bank, which issued the credit card, or the payment provider.

**Joker.com does not have access to these credentials** and does not store such data in general.
