

1.4 Changes of a Domain

What can be changed?

Changes in a Domain

If you **order** (register) a domain, you are able to control all aspects of this domain:

- Domain status - transfer protection ([FAQ](#))
- Contact details ([FAQ](#))
- Owner data ([FAQ](#))
- Responsible name servers ([FAQ](#))
- DNSSEC ([FAQ](#))
- Whois Privacy ([FAQ](#))
- Whois Opt-in/out
- Domain rights (for other Joker.com users) ([FAQ](#))

- Nameserver records/[DNS](#) (in case you use Joker.com nameservice)

In case you have access to a domain because somebody else assigned you a role ('permissions') for this domain, you only are able to modify aspects limited by this role.

Please check [here](#) to find out more about 'roles'.

Please also have a look at

- [What is a contact?](#)
- [Nameservice](#)

Important: You are obliged to enter only valid and true address and identity information for Whois data. This is a requirement of all domain registries.

Unique solution ID: #1069
