1.5 Change of Registrar = Transfer of a Domain How much does a transfer cost?

Cost of Transfers

When a domain is transferred from another registrar to Joker.com, an additional **one (1) year term** will be added to this domain. If the **transfer is successful**, we will only charge for this one-year renewal, without charging any additional transfer costs.

Please keep in mind that this further year of registration will be **added** to your current domain term, so you will **not** lose any partial terms from your current registration!

Example:

If your domain is about to expire in 7 months when you transfer your domain to us, a successful transfer will cause your domain to expire in 1 year + 7 months = 19 months.

The fee is **not** refundable if a transfer fails due to a reason not caused by Joker.com.

Exception:

Transferring your .eu, .de, .nl, and .at domains to Joker.com will automatically extend the registration period to 12 months from the date the transfer completes.

When your transfer completes, your domain expiration is extended by one (1) year from the **transfer completion date** and not from the current expiration date.

This means - if you have 3 months left on your domain, after the transfer you will have 1 year left, not 1 year and 3 months.

In case something goes wrong, please do not hesitate to <u>contact us</u> (please choose the topic 'transfer - move the domain to joker.com').

A transfer away from Joker.com to another registrar is free of charge, of course.
