Other wa-email-list

Lists all domains and owner emails of domains from your portfolio which are pending whois (email) verification.

For Whois validation, the email address of the owner contact of a newly created, transfered or modifed gTLD has to be verified. This verification is done by sending an email to the owner contact, which contains a unique key in a link. When this link is clicked, the related email address is set to "validated".

For full ICANN policy, please see Whois-Validation.

Requires:

-

Returns:

email-address<TAB>domain-name<TAB>verification-expiration-date

Where:

email-address	email address of the domain owner which is pending verification
domain-name	domain name where email is the owner
verification-expiration-date	verification deadline, i.e. if by this date and time (specified in standard ISO format) email is not positively verified, the domain name listed may be deactivated
